Schools

We promote and sell all our books directly to schools though schools are welcome to purchase our titles from wholesalers or local bookshops. All Heads of Department in all schools are sent a catalogue each year or as new titles in their subject areas become available. Further details below.

School discount

Discounts are offered to schools for 10 + books purchased and 20 + books purchased. The discount is up to 20 - 25%. The discount applies to the total number of current editions across the range ordered at the time.

Inspection Copies

All our titles may be inspected for 14 days from the date of invoice (enclosed with all orders). At the end of 14 days you will need to return any inspection books you do not want to keep in good, saleable condition. Schools must pay the return freight - please phone before returning any books to our customer services department. Inspection copies will not be re-invoiced to a discounted rate if a subsequent larger order is placed.
